

Agrotop Tip Caps

TipCap TCC Universal flat fan nozzle made from Ceramic incorporated in standard bayonet cap

110-015	110-02	110-03	110-04	110-05	110-06	110-08
Filter 50 M blue					Filter 24 M white	

Characteristics: Same performance as the TipCapTCP, but

- Pressure range: 2–4 bar (30–60 psi)
- Available from size 015–08

- Long life and maximum accuracy using very hard pink ceramic

TipCap TCP Universal flat fan nozzle and standard bayonet cap made from hard-wearing plastic POM

110-02	110-03	110-04	110-05	110-06	110-08	110-10	110-12	110-16	110-20
Filter 50 M blue				Filter 24 M white		no filter required			

Spray angle

110°

Size

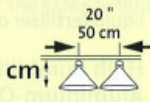

02 – 20

Pressure range

bar
1 – 4
15 – 45 psi

Boom level

40 – 60 cm
15 – 25"

Characteristics:

- Nozzle tip and cap one piece
- No small parts, quick and easy changing
- See-at-a-glance colour code, cap and nozzle in same ISO colour
- High durability
- Range from size 02 up to 20, application rates with largest volumes

Application:
